

项目名称：Uncloud Coffee 咖啡馆

设计团队：Unknown Surface Studio

面积：400 m<sup>2</sup>

地点：泰国，春武里府

设计特色：

项目 – 这家坐落在泰国春武里府考林路旁的 Uncloud Coffee 咖啡馆，堪称一座将形式与环境完美融合的建筑杰作。其位于三角形地块，一侧临近通往邦盛的主干道，营造出遥望群山的绝佳景致。Unknown Surface Studio 的设计师们巧妙利用了这一独特的地形，将建筑沿路一路延伸，巧分三大核心区域-迎宾式主入口结合酒吧与休息区、一处环绕青翠庭院的户外休闲空间，以及宁静的内部就餐和工作区。设计师们直接汲取了北极光那迷人缥缈的光影为灵感，通过抽象的手法重新诠释。建筑流畅曲折的外形刻画出极光闪现时那活力盎然的光影图腾，其拱形结构婉转依路而建，与环境自然地水乳交融。无间断的流线型曲线既内敛又外扩，将全部内外空间紧紧相连，孕育出一种完整统一的建筑体验。为应对临路而建带来的干扰问题，设计巧妙地植入了多项人性化措施。面向街道的不规则立面叠加着高挺的弧形屏障，以精心计算的角度打开，最大限度地维持着山景视野，同时阻隔噪音和阳光直射的困扰。这一设置不仅增强了声学舒适度，也帮助室内保持清凉宜人的环境。庭院的位置经过精心设计，以确保日照和通景，让日光全天自然地注入室内。园林绿地和硬质景观元素的融入，以其浑圆有机的外形缓慢流动，和建筑形式呼应递进。景观树木有侧重地分布在建筑边缘，既起到天然隔声的作用，又为室内遮荫蔽阳，令室内室外完美衔接，建筑与自然界融会贯通。

Project: Uncloud Coffee

Design Team: Unknown Surface Studio

Size: 400 m<sup>2</sup>

Location: Chonburi , Thailand

Feature:

Project - Nestled along Thailand's Khao Lam Road in Chonburi Province, Uncloud Coffee emerges as an architectural marvel that seamlessly blends form and environment. Occupying a sharply triangular site adjacent to the main artery from Bang Saen, the cafe presents a stunning backdrop of majestic mountains. The designers at Unknown Surface Studio have masterfully exploited the site's geometry, extending the building along the roadside in three core zones - a welcoming entrance merging bar and seating areas, an outdoor lounge encapsulated within a lush courtyard, and a serene internal space for dining and work.

Inspired by the ethereal allure of the Aurora Borealis, the design reinterprets these celestial light displays through an abstract lens. The building's sinuous form echoes the dynamism of the northern lights, with its arching structure gracefully hugging the roadway, melding effortlessly into its surroundings. Sweeping, uninterrupted lines interconnect all interior and exterior spaces, fostering a cohesive architectural narrative.

Addressing challenges posed by its roadside location, the design ingeniously mitigates noise and thermal intrusion. The street-facing facade features towering, curved barriers that open strategically at select angles, maximizing mountain vistas while minimizing noise and heat transmission. Beyond acoustic comfort, this innovative system maintains a cooler indoor climate.

The courtyard's strategic positioning channels unobstructed daylight and sky views into the interior, bathing the spaces in natural illumination throughout the day. The seamless integration of landscaping elements, including strategically placed large trees, serves as natural sound buffers while providing shade, blurring the boundaries between built and natural environments.

Design Team - Founded in 2020, Unknown Surface Studio is an emerging Thai architectural practice based in Bangkok. The firm's design approach seamlessly blends contextual narratives with dynamic, flowing forms that respond fluidly to their environments.

Unknown Surface Studio's recent Uncloud Coffee project exemplifies their mastery of integrating architecture with its surroundings. Situated on a triangular site in Chonburi, the cafe's sinuous form echoes the atmospheric patterns of the Aurora Borealis. Strategically oriented openings frame stunning mountain vistas while mitigating noise and heat intrusion. Sensitively positioned courtyards channel natural illumination

throughout the interior spaces.

The studio excels at crafting immersive spatial experiences that harmonize built and natural elements. Their architectural language employs sweeping curves and organic geometries that forge profound connections between users and context. With an acute awareness of environmental impacts, Unknown Surface Studio creates sustainable designs that minimize resource consumption while maximizing comfort and aesthetics.

Through their innovative and contextually grounded approach, this promising practice delivers superlative architectural solutions that elevate the human experience while respecting the ecological balance. Unknown Surface Studio exemplifies architectural excellence rooted in Thailand.
